

## Financial Tear Sheet

### Corporate Profile

Gridsum Holding Inc. is a leading provider of cloud-based big-data analytics and AI solutions for multinational and domestic enterprises and government agencies in China. Gridsum's core technology, the *Gridsum Big Data Platform*, is built on a distributed computing framework and performs real-time multi-dimensional correlation analysis of both structured and unstructured data. This enables Gridsum's customers to identify complex relationships within their data and gain new insights that help them make better business decisions. The Company is named "Gridsum" to symbolize the combination of distributed computing (Grid) and analytics (sum). As a digital intelligence pioneer, the Company's mission is to help enterprises and government organizations in China use data in new and powerful ways to make better informed decisions and be more productive.
